**Project Management Unit of the
UNIDO/GEF Project «Introduction of
Energy Management System Standard
in Ukrainian Industry»**

Esplanadna Str., 20, of. 701, Kyiv, 01601

State Agency on Energy Efficiency and Energy Saving of Ukraine expresses its appreciation a great honor for the Project Management Unit of the UNIDO/GEF Project «Introduction of Energy Management System Standard in Ukrainian Industry» for arraigning and successful providing for a list of trainings courses such as:

- "Creation of Energy Management System: Module 3 – Checking. Expert Level"
- "Creation of Energy Management System: Module 2 – Implementation. Expert Level"
- "Creation of Energy Management System: Module 1 – Planning. Expert Level"
- "Creation of Energy Management System: Module 3 – Checking. Expert Level" and EnMS ISO 50001 Lead Auditor Bridging Training.

Also, I wanted to express an honor for the Project's experts who provided a great support on the development of norm and legal acts for SAEE, that is necessary for implementation of relevant Directives of European Parliament and Council.

Definitely, before mentioned trainings, with participation of Agency's representatives, will support for platform development for constructive dialog between business and government, it is a very important tool and motivation for implementation of energy efficient projects, international standards of ISO series, receiving of the international experience, also internal and external investments.

Looking for further fruitful collaboration.

With honor,

Head

Sergiy SAVCHUK
